

Ordering Record for Animal Testing, Department of Laboratory Medicine, CC, NIH, Bethesda, MD

FAX: (301) 402-1885

Phone: Hematology (301) 496-6891

New Order Form
 Effective 3/24/2003
Discard all older forms !!!

NOTE: Bold items (#1-7) MUST be completed in order for samples to be received

- 1.) **Date:** _____ 5.) **CAN # (must be complete):** _____ ASP # _____
 2.) **Investigator:** _____ Submitted by (if not same as investigator): _____ ICD/Location: _____
 3.) **FAX #:** _____ (for reporting results) 6.) **Species/strain** _____ * Stat/weekend **DOUBLE** the routine charge.
 4.) **Phone #:** _____ MRN # (lab use only): _____ (NOTE: Please limit to emergencies)

<i>DLM Website: http://intranet.cc.nih.gov/dlm</i>					**Minimum volume: 150 µL/panel** (Recommended: > 300 µL)							<i>Individual Chem. Tests</i>
7.) Animal I.D. # <small>Please limit to less than 15 specimens per day per investigator</small>	<i>Lab (Soft) I.D. #</i> <small>(lab use only)</small>	Sex/ Age	Check if healthy	CBC/ Diff (250 µl)	Chemistry panel #'s <small>(for tests see below)</small>							<i>Select from panels below</i> <small>(Up to 3 tests)</small>
					1 <small>300 µl</small>	2 <small>Mineral</small>	3 <small>Renal/Prot</small>	4 <small>Lipid</small>	5 <small>Enzyme</small>	6 <small>Bilirubin</small>	7 <small>300 µl</small>

Panel #1: Alb, Alk phos, Amy, ALT, AST, BUN, Ca, Cl, CK, Chol(total), Cre, Gluc, LD, Mg, Phos, K, Na, Trig, TP, Uric

Panel #2: Mineral (Na, K, Cl, Ca, Mg, Phos, Gluc)

Panel #3: Renal/Protein (BUN, Cre, Uric, Alb, TP)

Panel #4: Lipid (Chol(total), Trig)

Panel #5: Enzyme (Alk Phos, ALT, AST, Amy, CK, LD)

Panel #6: Bilirubin (Direct, Total)

Panel #7: RABBIT only (Panel # 1 without Alb)

** See Website (<http://intranet.cc.nih.gov/dlm>) for test abbreviations and sample volumes **
